

Ahadi Health Wound Care

PARTNER WITH US — AGENCY ONBOARDING

Getting started is easy. No red tape, no long commitments — just three simple steps and your agency is ready to refer patients to Ahadi Health Wound Care.

We know your team is busy, so we kept onboarding as light as possible. Most agencies are fully set up within a few days, and there's no minimum referral volume — send a referral whenever you have one.

The Onboarding Process

1

Sign a Non-Binding Agreement

A short partnership agreement with no long-term commitment. It simply outlines how we'll work together — nothing locks you in, and there's no cost or obligation to your agency.

2

Sign a HIPAA Agreement

A standard Business Associate Agreement (BAA) so patient information can be shared securely and compliantly between our organizations. We'll provide the paperwork — it's a quick signature.

3

Send Referrals

That's it — you're ready. Send us a referral whenever a patient needs wound care, and our 100% mobile team takes it from there.

Why Agencies Partner With Us

- ✓ 100% mobile — we come to the patient
- ✓ No cost or obligation to your agency
- ✓ No minimum referral volume
- ✓ Fast, simple onboarding
- ✓ Reduces rehospitalizations
- ✓ Coordinated with your care team
